Date of event: October 29th, 2011

Location of event: University of Minnesota, St. Paul Campus

Grade level and number of participants:
- Pre K-4 (1-9 years): ____________
- 5-8 (10-13 years): 15
- 9-12 (14-18 years): ____________
- 12+ (18+ years): ____________

Educators: ___ (Parents were present)

Total: 15

Are the participants with a special group/organization (i.e., Girl Scouts, 4-H, school)? Y N

If yes, what group/organization? 4-H (Event was 4-H kickoff)

Briefly describe your activities with this group: 2 one hour sessions. Each session was broken down into two parts. First have would explain forces, fin design, and airflow. This was done by making straw rockets and playing with CD hovercraft. The second half we went outside to shoot off miniature water rockets. Mass flow was explained to the kids and we had fun answer questions regarding what they learned.

Did you conduct an evaluation of your educational engagement? If so, what were the results?

(Evaluation is from event coordinator Jessica Jerney (jern0015@umn.edu))

Thank you so much for your work on Saturday! Your energy, knowledge and willingness to have fun was warmly received by kids and parents alike. It was a pleasure working with you guys as well. I appreciate how organized, flexible and well-staffed you are! Please let me know if you have any feedback for me about the event (we are always looking to improve). Let me know if there are any opportunities to partner in the future.

Jessica
